### LIVESTOCK

Kansas City, Monday, Aug. 21, 1916.—The advance of 25 to 40 cents on most grades of cattle last week, coupled with continued lack of rain, increased the offerings to 30000 cattle today, best run of the season. The Panhandle country contributed heavily, some of the cattle from that section driven in by dry weather, and Kansas sent a liberal number. Prices on Killing steers were mostly steady, plain grassers 10 lower, stockers and feeders steady and active, cows steady to weak. Most of the Panhandle country got enough rain Sunday to put water in the lakes.

### BEEF STEERS

Some big weight horned natives brought 10.50, numerous lots of natives at 10.25 to 10.60, plain short fed steers 9.50 and upwards. Grass steers again

had the support of feed buyers, so notable last week, and sales of the good ones ranged from 8 to 8.90, including steers to feed or buyers at 8.50. Medium and plain grassers weighing 900 to 1200 pounds sold at 6.50 to 7.75, best straight Kansas grazed Texas steers brought this spring 8.25. In the quarantine division 28 cars arrived, mostly low grade mixed lots, a few straight droves of steers weighing up to 850 lbs. around 6.25. Butcher cattle worked a little higher last week, some heavy grass cows today in car load lots up to 7. Medium cows sell at 5.25 to 6.25, canners 4.50.

### Stockers and Feeders

Stocker and feeder trade last week was upwards of 25000 cattle, biggest week of the season. The panhandle country sent in a large number today, and best yearlings sold at 7.50 to 8, plain stockers down to 6.75. A good many men from east of us were here looking for steers for feeding and paid 7.25 to 8.50

*This Year Holland's Magazine* is just as large and much more interesting than ever before and the publishers are entering all subscriptions **TWO FULL YEARS** for the same price you formerly would have paid for a one year subscription. Holland's is truly a Southwestern Home Magazine of sunshine and good cheer which, in ten years time, has become indispensable to more than three quarters of a million people in the Southwest.

for steers weighing 900 to 1250 lbs., some common feeders around 6.75.

### HOGS

The supply fell short of the estimate, actual count showing 8500 head. Some sales were up to 25 cents, top 10.70, bulk 10.15 to 10.65. A feature was the sale of 20 car loads of hogs consigned by Bob Miller, Mayette, Kansas, which sold at \$10.65 and 10.70. These were part of a drove of 5000 stock hogs bought in Idaho last spring. Part of the reason for the recent big advance is that some of the packers were caught short, but

legitimate trade demands are such as to insure a stable market somewhere near present levels for some time to come.

### Sheep and Lambs.

Short supplies and a strong demand are keeping the local market at a high range as compared with other markets. Receipts today were 4200 head, market 10 to 15 higher. Utah lambs at 11.25, natives 10.75, Colorado fat ewes 7.35. Feeding lambs bring very high prices, 9.25 to 9.75, and breeding ewes sell high, though a quarter lower than a week ago, ranging from 7.50 to 9, for young ewes,

feeders 5.50 to 6.50.

### Brain Against Brawn

*Why* do some farmers prosper and enjoy many luxuries, while others, who work just as hard, are always hard up? The answer is simple: one has used his brains and kept posted on up-to-date farming methods, while the other has felt that there is nothing for him to learn. He will not even read a first-class farm paper because he thinks no one can possibly tell him how to run his farm. FARM AND RANCH is prepared especially for farmers, gardeners, live stock and poultry raisers and fruit growers of the Southwest—the home builders. It has been the Southwestern farmer's right hand man for more than a third of a century.
